## Prime number challenge!

11 Write four prime numbers. Each one must be a 2-digit number and they must all have the same tens digit.

## Fair divisions

Divide each of the following numbers by 5.

First estimate if it will have a remainder or not.

1245

12

4444

14

4670

13

3105

15

Divide each of the following numbers by 15.

First estimate if it will have a remainder or not.

574

16

405

18

750
