

Art Challenge

This task is a fun and creative activity for you to have a go at.

Below is a link to a programme called 'Art Attack'. Watch the video starting at 4 minutes and ending at 7 minutes, where the artist – Neil – creates a 'Big Art' using materials found lying around.

<https://www.youtube.com/watch?v=TjGMPpN4QiM&feature=youtu.be>

For this task, we would like you to create your own 'Big Art' using materials that you can find in your house or garden (make sure you ask your parents first before using things!)

There are some more examples below to maybe inspire you if you're stuck for ideas!

There is also another great art task starting at 17 minutes you may want to have a little go at when you get chance, however we would love it if you had a go at the 'Big Art'.

Upload your masterpieces to Seesaw when you're done as we can have a look!
