Key Stage 2 Cross Country Success

On Tuesday, Key Stage 2 children showcased their athleticism and endurance as they navigated through the deceptively challenging terrain of King George V Memorial Playing Fields, representing our school with utmost pride. Each participant demonstrated resilience and perseverance, overcoming obstacles and pushing themselves immensely.

Not only did our pupils excel individually, but they also demonstrated exceptional teamwork and camaraderie, cheering each other on every step of the way. Their support for one another truly exemplified the values we uphold here at Malvern.

A big thank you to the parents that were able to come along and support the children, the whole event had a great community feel to it.

Year 2 - Ganesh Temple

This week, Year 2 enjoyed a trip to Liverpool Ganesh Temple as part of their RE work on Hinduism. The children enjoyed exploring the temple, taking part in prayer and learning all about the different Hindu Gods. They also had the chance to have Kum Kum powder applied to their foreheads. Kum Kum powder is a powder used for social and religious markings in India.

Huyton League Football Champions (AGAIN)

On Thursday, our incredible Key Stage 2 Football team were crowned Huyton Football League Champions, finishing top of the Central Area League for the fourth year in succession. This is an incredible achievement and testament to the children's hard work, dedication and undoubted footballing ability. The team will now go on to the Knowsley Final in May against the other league winners from across the borough.

Schools' Citizen Assembly

This week, a team of brilliant Eco Warriors from Malvern, attended a Schools' Citizen Assembly. The day began listening and working alongside champions of sustainable and eco initiatives from NW Zero Hub, Wirral and Manchester University. The children were able to explore and action ways in which they can improve our school environment and experience.

Through dialogue, deliberation and democracy, the children returned to school with an action plan to cut our carbon footprint here. The day was a huge success with the children from Malvern being the youngest to attend the event at the Florrie in Dingle. Paul Riley of NW Zero Hub, listened to our children and was amazed at their knowledge and plans for the school. He said, *'I have no need to help out here, it's wonderful listening to children who know exactly what they need to do to make change.'*

Watch this space for the changes they aim to bring about.
