What different ways of fielding are there? Can we name them? When batting, where can we strike the ball? Can we strike the ball with intent?

Where are we throwing the ball? To the bowler or the wicketkeeper? Why are we throwing it there? How should the ball be thrown?

How, where and why do we need to strike the ball to score runs?
How can I outwit the fielding team by varying the speed and direction I strike the ball?

Can I explore different ways of bowling underarm to prevent the batters from scoring runs?

Can I learn different ways of stopping and returning the ball to the bowler or wicket-keeper, Why do I need to do this quickly and accurately?
